The Great Kapok Tree: A Dramatization

Puppet Stage

Materials:

- a large box with two sides removed to create a stage
- construction paper
- string
- bath and paper towel tubes
- real plant life

Directions:

Create a rain forest environment inside the box with a kapok tree in the middle. Add birds, butterflies, and flowers.

Marionettes

Make marionettes by cutting out patterns provided on pages 24–26, coloring them, and laminating or gluing them onto tagboard. Use string to attach them to craft sticks.
