# A-maze-ing Ants

Help the worker ants get the sugar to the queen ant!

# Ant Chants

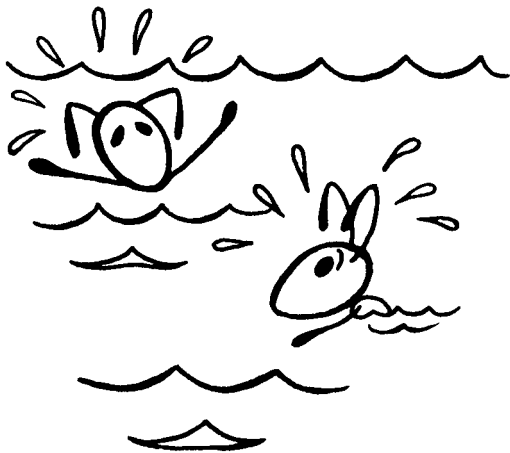

## Ants

Ants work hard from day to day.  
They don't have time to run and play.  
They carry things ten times their weight.  
And digging tunnels is their fate.

## Silly Ants

Can you believe the nerve of those ants?  
Crawling up the leg of my pants.  
When one stung me, I started to run.  
Picnics, I thought, are meant to be fun.  
But I was brave; I kept my cool.  
I jumped right in a swimming pool.  
You can bet I took care of him.  
That silly ant; he couldn't swim.

## Ant Places

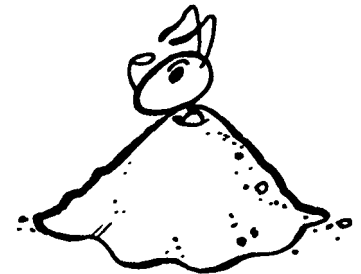

Ants in the sugar,  
Ants in the tea,  
Ants on the playground,  
Ants stinging me.

Ants on the sidewalk,  
Ants in the cracks,  
Ants in a tunnel,  
Digging for snacks.

Ants in the kitchen,  
Ants in the drawers,  
Coming through windows,  
And through the doors.

Ants on the carpet,  
Ants on my feet,  
Ants on the table,  
Eating what's sweet.

Ants on a teaspoon,  
Ants on a plate,  
Ants back to the nest,  
It's getting late.

Ants up in the air,  
Ants on the ground,  
Antsy ants, ants, ants,  
Ants all around!
