# Butterfly Life Cycle

# Bug Poems

## Butterfly

Pretty little butterfly,  
On the breeze you flutter by.  
Flutter by, flutter by,  
Pretty little butterfly.

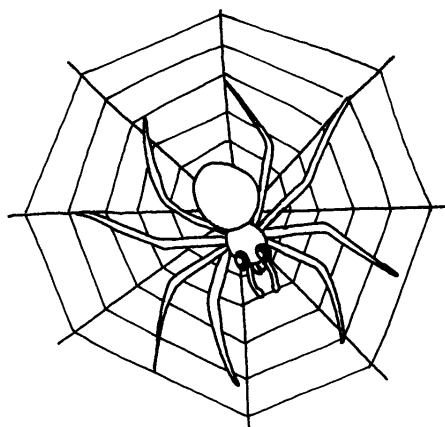

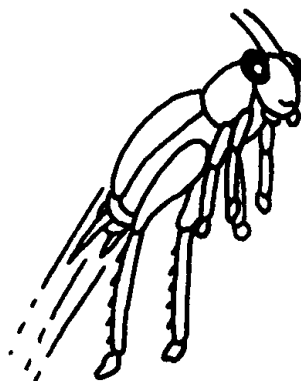

## Bees

Bees a-buzzin',  
Bees at play,  
Bees a-busy throughout the day.  
Bees a-traveling,  
Bees in flight,  
Bees a-workin', both day and night.

## Cricket

I'm taking home a little cricket.  
I found him in a grassy thicket.  
My cricket won't sting,  
But he loves to sing,  
My cute little cricket I found in a thicket.

## The Spider

High spider, low spider,  
Anywhere-you-go spider.  
Big spider, small spider,  
Never-ever-fall spider.  
In spider, out spider,  
Crawling-up-the-spout spider.  
Black spider, brown spider,  
Anywhere-in-town spider.
