Aaron's family went to out to dinner. They went to his favorite restaurant called Gino's Italian Kitchen. Aaron loves Italian food.

A waiter showed them to a table. He gave Aaron and his family a menu. The waiter asked if anyone had any questions.

Aaron wanted to know if they served pizza. The waiter said they have pizza but it is not like the pizza Aaron usually eats. The pizza only has olive oil and cheese on the crust. The pizza does not have tomato sauce or meat.

Aaron decided he didn't want to order the pizza so he looked at the other items on the menu. He decided to have lasagna with meat sauce. He liked eating the warm bread sticks while he was waiting for his meal.
